CONSULTANCY SERVICES

It is not possible to be an expert in all fields. EnviroDerm Services is recognised as having a unique specialist knowledge in occupational skin management. So let us help you by using our knowledge to prevent damage to health from skin exposure and deal with issues arising out of skin exposure in your workplace

We have a range of products and services that can help you develop an effective skin management system for your workplace as well as investigate and manage ill-health resulting from skin exposure should it occur.

TROUBLESHOOTING

Unfortunately no matter how effective our system is there is always the chance that skin problems will occur. We can help you investigate these problems and find a solution to keep the worker at work, healthy and happy.

Each troubleshooting case will be different so prices are given as a guide and do not include travel expenses. Please contact us if you have any issues you need our assistance with.
